Year 3

| Year 3 Examinations Schedule | | | | | |
|------------------------------|-----------------------|-------------|-----------------|-----------------------|-------------|
| Semester 1 | | Semester 2 | | | |
| English Paper 1 | Monday 11- 13 January | unspecified | English Paper 1 | Monday 30 May- 1 June | unspecified |
| English Paper 2 | Thursday 14 January | 90 mins | English Paper 2 | Tuesday 31 May | 90 mins |
| English Paper 3 | Friday 15 January | 30 mins | English Paper 3 | Wednesday 1 June | 30 mins |
| English Paper 4 | Monday 18 January | 70 mins | English Paper 4 | Thursday 2 June | 70 mins |
| Mathematics | Tuesday 19 January | 90 mins | Mathematics | Friday 3 June | 90 mins |
| Science | Wednesday 20 January | 75 mins | Science | Monday 6 June | 75 mins |

PLEASE NOTE: Integrated students only complete the English Exams

Home Help Tips

In **English** students should revise all vocabulary and grammar rules covered in the semester. They should practise reading aloud whenever possible to help improve fluency and pronunciation. If there is an English speaker in the house then students should be encouraged to converse and to talk about their day at school or the book they are reading in English.

For **Mathematics** it is highly recommended that students not only read over the topics and learn the rules they have covered but also that they pick questions from their workbook and do them again so as to practise actually solving problems using the methods they have learnt.

For **Mathematics** and **Science** it is strongly recommend that students write a summary of important facts and formulas as they read over their textbooks. This allows the students to have all the important information in a short, and more easily studied, form. Also students have a far better chance of fully understanding and remembering information if they write it down rather than just read it.

Students need a quiet and comfortable study environment, with little or no distractions. Encourage them to think positively towards their school work, thus improving their focus and confidence. It is also important to partake in some exercise during this period, in order to reduce stress levels and improve concentration.

We recommend students setting up a homework schedule that allows plenty of time for regular revision of concepts leading up to the exam. Students should follow up with the teacher **before** the examinations if they are having any problems.
